PROFILE

Dedicated Full Stack Developer with 3+ years of industry experience, working with Laravel, Node Js, Vue Js and Tailwind CSS. Proven track record in designing and implementing responsive web and mobile applications with a focus on user experience and best practices. Passionate about coding, creating innovative solutions, and continuous learning.

WORK EXPERIENCE

Senior Frontend Developer

Nathan Digital 08/2024 - Present.

- Lead frontend development using Nuxt.js and Vue.js, creating responsive and performant web applications
- Collaborate closely with UI/UX designers to translate design concepts into functional, pixel-perfect interfaces
- Work with project managers to prioritize features, estimate timelines, and ensure timely delivery of projects
- Implement state management solutions using Vuex, optimizing application performance and data flow
- Develop and maintain reusable component libraries, improving development efficiency and consistency

Full Stack Developer

Zuri Labs Africa 04/2024 - 08/2024.

- Developed and maintained full stack web applications using Laravel and Vue Js and Nuxt Js.
- Designed and implemented RESTful APIs, improving system efficiency and reducing data transfer times
- Collaborated with UI/UX team to implement responsive and intuitive user interfaces based on provided designs

Full Stack Developer

Goatmentor Technologies 04/2022 - 02/2024.

- Architected and developed scalable web applications using Laravel and Vue Js.
- Optimized database queries and implemented caching strategies, reducing server load using Redis.
- Integrated third-party APIs and services to enhance application functionality
- Mentored junior developers and conducted code reviews, promoting best practices in software development
- Participated in Agile development processes, consistently meeting sprint goals and project deadlines

Web Developer Intern

Zalego Institute 04/2019 - 08/2019

- Developed a full-fledged e-commerce platform using PHP and MySQL, handling 10,000+ products.
- Implemented a secure payment gateway integration, supporting multiple payment methods.
- Created an inventory management system with real-time stock updates, improving accuracy by 95%.
- Designed and implemented a responsive front-end using HTML5, CSS3, and JavaScript.
- Assisted in setting up automated deployment processes, reducing deployment errors.
